
**CHECKLIST #0245 FOR THE APPROVAL OF:
MEMBRANE STRUCTURES**

- Basic Requirements Checklist.
- One set of the manufacturer's 'approval document' including:
 - a) Dimensions and thickness of membrane,
 - b) Full description of membrane and its physical properties as used in the tested specimens and verified by the laboratory, and
 - c) Full set of instructions about items to be specifically designed on an individual basis.
- One set of manufacturer's design drawings marked and verified by the testing laboratory.

The following current laboratory tests and test reports in compliance with protocol TAS 301.

- Uniform Static Air Test per TAS 202-94
- Impact test per TAS 201-94
- Cyclic test per TAS 203-94

Notes:

- 1- If the product has plastic as a component, add plastic checklist to these requirements.
- 2- Approval will be based on the type of installation tested.
